## Zombie shooting games for low end pc

The best PC games have become so immersive and so detailed that your loved ones may not see you for a week or three when you dive in they are so vast that they will not only stretch your imagination, but possibly your gaming PC as well, challenging you with its gameplay, its world building and its gorgeous visuals. With all the visual magic provided by Nvidia's GeForce RTX 2080 Ti, Super RTX and amd's Navl line, the best PC games can be experienced at a level of detail and resolution that was unheard of just a few years ago. Although there used to be just a few genres that were so innovative, you can find amazing titles in almost any genre that will satisfy your gaming desires. You can take on your enemies in cooperative PC games, experience a whole new world in the best MMOs or MOBAs, or discover a new adventure in expansive open world games, just to name a few. For the best PC games you can play right now, we've collected our top picks, including the best Steam games, so you can find your next adventure, no matter what way it takes, to dive in. The best new PC game: Ghostrunner(Image Credit: 505 Games)Ultra-violence and constant movement meet in this post-apocalyptic dystopian game. This FPP is not for the faint of heart – it's tense, exciting, and you'll probably die more and more trying to beat it. If you ever wanted a game that came in equal parts Doom Eternal and Mirror's Edge, you found it in Ghostrunner. The game is set in the Dharma Tower, a kind of last refuge for humanity, where you climb the tower through platforms and katanal-induced carnage to get revenge on a ruthless ruler. You do this by cutting off your enemies, dodging bullets, and using a number of unique skills to keep making your way to the top. This is the kind of game that will leave you breathless just playing. And, if that just so much as your kind of game, then you're in for a treat. The Witcher 3: Wild Hunt may be one of the best games of all time. (Image credit: CD Projekt Red) The Witcher 3: Wild Hunt is aging like fine wine. Even several years after reaching the streets, it's still one of the most impressive open world games that ever existed – blending Skyrim's unapologetic scale with the incredible depth of Grand Theft Auto V. It's such a jam-filled game, which is why it claims top spot on our list of the best PC games in 2020. Stunning, beautiful and an absolute time sink – in a good way – The Witcher 3: Wild Hunt is not only the best PC game of 2020 or among the best open world games on PC. It could be one of the best video games of all time. Today's best CDs Projekt The Witcher 3: Wild Hunt dealsConfirm our list of the best single player2 PC games. Dark 3Dark Souls 3 improves everything you like about the Souls series by mixing it with elements found in Bloodborne. (Image Credit: From Software) While it's arguably not as difficult as previous titles in the series, From Software's Dark Souls 3 takes everything you like about Souls series and improves on it by mixing it with elements found in Bloodborne, the developer's latest title for PS4. We're not going to love you: you're going to die in Dark Souls 3, maybe more than once. It takes patience to master your complex combat system, but it also plays clean, which makes it more accessible to casual players so they can also participate in their dark and fantastic world. And on the bright side, it's much more PC-optimized than the first two games. Now that you can take Dark Souls: Remastered, and see where the apocalyptic series began, there's never been a better time to turn on the first flame.3. Control There's nothing like Control on the market. (Image credit: Remedy Entertainment/505 Games) It's not hard to see why Control took the gaming world by surprise. Remedy Entertainment's creative team made sure to pack this title with much to love, paying close attention to intricate detail. A deeply cinematic game, this action-adventure offers its players stunning visuals, inspired environment design and brilliant performances – not to mention a deeply satisfying combat experience. Control puts you in Jesse Faden's burning-haired shoes. You have the task of searching for the Older House, a building in New York that is in a constant state of architectural flux and only appears to those who wish to find it, and locate your missing brother, all while running the Federal Bureau of Control as its director and oversees the containment of paranatural entities. There is nothing like Control on the market, and this makes it one of the best PC games to play right now. Microsoft Flight Simulator (Image Credit: Xbox Game Studios)In addition to its impeccable graphics and excellent peripheral support, it won't take long to realize that Microsoft Flight Simulator is a labor of love. There's a lot of attention to detail here, as well as a level of realism and immersion that you won't find elsewhere. So much so that if you're not a fan of flight simulations, you'll want to start getting on the wave. Although this also means that this game will not be for everyone. Still, whether you're a flight fanatic or you love airplanes and flying, you'll take the chance to fly iconic vehicles in some of the most beautiful and dangerous locations and conditions in the world. Read the full review: Microsoft Flight SimulatorToday's best Microsoft Flight Simulator (2020) deals5. Monster Hunter WorldMonster Hunter: World is the PC game of your dreams. (Image credit: Capcom) Monster Hunter is one of the biggest gaming franchises you've probably never heard of in years. With Monster Hunter: World, the series has entered the mainstream and reached the PC (to the relief of many players), and now, it is one of the best PC games you can play to date. Monster Hunter: The world puts you in the place of a monster hunter, and you hunt bigger and meaner monsters, undress them for pieces, and create bigger and more badass armor. badder, a tortuously simple gameplay loop that turns out to be one of the most attractive and rewarding PC games you can play right now. There's an unceasing attack of content in this game, and Capcom, the developers of this monster hunting success, are committed to bringing a wealth of free DLC into the game – as well as a new icy expansion in Monster Hunter World: Iceborne. Whether you're looking for an addictive, immersive and most importantly fun game to play on your own or with all your closest friends cooperatively, Monster Hunter: World is the PC game of your dreams. There is no doubt that it is one of the best PC games you can buy today. These are the best cooperative PC games of 20206. Death Stranding (Image Credit: 505 Games)If the name Norman Reedus was what caught your eye when someone mentioned Death Stranding as well, then you're in for a treat. However, this game is getting a lot of attention for more than just the big names attached to it, which incidentally include Mads Mikkelsen and Léa Seydoux. Like doorman Sam Bridges, you bravely traverse an apocalyptic United States to deliver valuable cargo, navigating lands invaded by terrorists, bandits, and these invisible creatures called Stranded Things. This award-winning action game is a treat for all senses too, thanks to its great storyline, which can be reminiscent of the current pandemic, good gameplay, fun missions and stunning sound and visuals. 7. Red Dead Redemption 2Red Dead Redemption 2 is a captivating Western. (Image credit: Rockstar Games) Rockstar Games' newest release was an instant hit after launch. Red Dead Redemption 2 is a captivating Western that follows Arthur Morgan and his gang as they try to survive a fictional Wild West as a fleeing outlaws. However, the game is much more than just that. Whether losing in history, following in all side searches until its completion, or just connecting with your horse, RDR2 is one of those games where you can easily sink over 50 hours and still have something to do. The gameplay is stellar, and the graphics are beautiful. You can even run the game on 8K if you have the hardware. Definitely take a look at this if you haven't.8 yet. Doom: EternalDoom: Eternal is a hellish ride. (Image credit: Bethesda Softworks) Doom: Eternal takes everything from the remastered Doom of 2016 and increases it to 11. The game is intense, visual and sonically overwhelming, and is exactly what you would expect a doom-inspired fever dream to feel. The gameplay is a perfect first-person shooter where you walk to hell to fight a variety of endless demons and recover a invaded land. Replenishing your health sometimes requires literally destroying monsters, and there is some need to be creative with your choice of weapon, depending on the that you're facing. However, this game is all about creating havoc and running into battle as loud and daring as possible. Not only Doom: Eternal is a hell of a ride (pun). Yes, it is, a gorgeous game that takes advantage of the newest hardware. And, it's a 2v1 multiplayer mode where a player takes control of the slayer and faces two more player-controlled demons. Half-Life: AlyxValve has graced us with what may be the most compelling reason to get a VR headset with Half-Life: Alyx.Half-Life: Alyx is set 5 years before Half-Life 2. What begins as a rescue mission for the protagonist's father evolves to try to steal a super-Mayan from the alien sovereigns. From the interactive puzzles, the well-thought out combat and the fantastic story, this prequel is a welcome dive back into the world of Half-Life that has been universally praised for its quality. If you are looking for an excuse to get into VR games, this may be the one for you. Half-Life: Alyx's attention to detail shows what can be done with VR when taken seriously.10. Image credit: Guerrilla)When Horizon Zero Dawn arrived on Playstation 4 in 2017, it was immediately hailed as one of the best games of the year. And with its recent release on PC, Guerrilla Games has brought this amazing game to a whole new audience. Even though the game has been technically out for a few years, it is still absolutely gorgeous and can now take advantage of higher PC platforms for higher resolution and frame rates. The game follows Aloy in a post-apocalyptic world where she has to fight against robot dinosaurs and human cults while digging up a tale that is as intriguing and complex as it is beautiful. While an open-world game with a female protagonist using a bow and arrow can be a bit like Tomb Raider, Horizon Zero Dawn quickly leaves the comparisons behind for a unique and immersive experience.11 Forza Horizon 4Forza Horizon 4 brings the race to the UK. (Image credit: Microsoft) The Microsoft racing series is only improving with every release, and in many ways this spin-off has surpassed the main line forza Motorsport as the best racing games on PC at the moment. They are definitely more fun, adding a dash of arcade fun to the surprisingly recreated cars and race tracks we've come to expect from Forza.Forza Horizon 4 is easily one of the best PC games you can buy today, and this entry brings the race to the UK after having explored America, France, Italy and Australia in the previous three installments of the franchise. Now you can tear through charming villages, seaside towns and the city of Edinburgh through many miles of country roads and dirt trails in between. It's fast, frantic a lot of fun. You can buy Forza Horizon 4 through the Microsoft Store. It is also available as part of the Xbox Game Pass for PC, or you can purchase the Xbox One version and get a pc PC download code xbox anywhere.12. Thimbleweed ParkThimbleweed Park blends the best of old school PC game design with modern technology. (Image credit: Terrible Toy Box) Fans of classic point-and-click games such as Monkey Island and Day of the Tentacle, which are some of the best PC games ever made, should add Thimbleweed Park to their list of must-see games. Made by Ron Gilbert and Gary Winnick, two of the people behind the PC classics Monkey Island and Maniac Mansion, Thimbleweed Park plays as a love card for classic point-and-click adventure games. From splendid retro art, fun dialogue and disconcerting puzzles, Thimbleweed Park deserves its place on our list of the best PC games, blending the best of old-school PC game design with modern technology. The best deals on Today's Thimbleweed Park, The Unbuttoned Park - Nintendo... 13. Sekiro: Shadows Die TwiceSekiro: Shadows Die Twice is a very difficult game to master. (Image Credit: From Software) De Software is a household name when it comes to designing the best PC games. The minds behind the highly praised Dark Souls series have transported PC players to some of the most abandoned landscapes and through some of the most challenging and rewarding gameplay. Da Software is back once again, with Sekiro: Shadows Die Twice.Sekiro puts you in place of the Young Wolf, a shinobi tasked with rescuing his young master. The game will take you through 16th-century Japan, but things will get weird and supernatural: this is the Software we're talking about. Don't expect an easy time, though. Sekiro: Shadows Die Twice is a very difficult game to master, and you will need quick reflexes to deflect enemy attacks as well as to master stealth. You won't be able to hide behind a shield all day, as you were able in Dark Souls III.Read: Is MMORPG on the verge of extinction?14. MinecraftMinecraft allows you to build your own worlds using resources you find in nature. (Image credit: Microsoft) The phrase buildit, and they will come to it more true than ever with Minecraft, the survival-based sandbox RPG that has been purchased more than 100 million times since its launch in 2009. In it, you can build your own worlds using resources you find in nature, or discover existing ones created by other players online. In Minecraft, you can limit yourself to the numerous tools and blocks offered by the developer, Mojang, or you can install mods to really capitalize on your investment. Plus, sometime in 2020, you'll be able to participate in the Super Duper Graphics Pack, an optional piece of DLC that offers more realistic lighting effects and textures for an already amazing game.15. Sid Meier's VIO Vio Vio Civilization vio that the civilization I saw from Sid Meier has to offer is its massive scope. Image: 2K Games) Sid Meier's Civilization VI is the latest in the iconic turn-based strategy game, and is undoubtedly among the best PC games you can play to date. One of the things that the PC the best platform for gaming is the breadth of different genres of games on offer. And, what Civilization VI has to offer is its massive scope, despite the fact that it may seem slower alongside people like Fortnite.Spread your empire across the map and crush your enemies. You build your empire from a simple settlement to a world power, and you can decide to do so through military power, technological supremacy or cultural influence. Since its release in 2016, it has had two expansion packs that really cement this game as an epic entry on our list of best PC games. Civilization VI: Rise and Fall released in February 2018, with Civilization VI: Gathering Storm following in February 2019.16. Fortnite Battle RoyaleFortnite Battle Royale is actually a game mode for the Game Fortnite. (Image credit: Epic Games) Still among the biggest games in the world a few years after its release, Fortnite Battle Royale is a natural shoo-in for this list. After all, it is a global phenomenon and among the best PC games to play now if you like super competitive online games. This is a game that people keep coming back, and this is mainly due to its addictive gameplay and regular updates from Epic.Fortnite Battle Royale is actually a game mode for the Game Fortnite, but this mode has become so popular, many people consider it a separate game by itself. As in other Battle Royale games, the goal of Fortnite Battle Royale is to fight through a smaller and smaller map until you're the last player standing. While this may sound quite simple, there is a lot of depth in this game once you start playing. Gabe Carey and Bill Thomas also contributed to this article
